# Prestige Facet 14F BT

## Bass-reflex Bluetooth floorstanding speaker

The Prestige Facet 14F BT allow the Facet family to count itself among a new generation of connected speakers.

Standing at the crossroads of high fidelity and connected speakers, this model offers the best of both worlds. From the hi-fi universe, it inherits its precise and extremely musical sound, all while offering wireless connectivity and compatibility with any Bluetooth device.

Benefiting from the same quality of manufacturing as the Prestige Facet 14F, the Prestige Facet 14F BT additionally feature a Class-D amplifier which delivers 150 W and relies on energy efficient components for its power supply.

Easy to install, they simply need to be plugged into the mains supply and paired with a smartphone, tablet or Bluetooth-enabled computer, thus guaranteeing you a simplified user experience on a daily basis. The HD Bluetooth receiver handles 24-bit audio stream for audiophile-quality sound.

Also equipped with several analog inputs, including a phono input, and featuring a digital optical input, the Prestige Facet 14F BT are highly versatile and can be connected to all your personal audio devices (turntable, CD player, TV, Blu-ray player...).
